Hi [\[INSERT CONGRESSMEMBER'S NAME AND TITLE\]](#). My name is [\[INSERT NAME\]](#). I live in [\[INSERT STATE\]](#) and I am calling you today to urge you to support Representative Cori Bush's [Ceasefire Now Resolution](#).

During the first week of Israel's war on Gaza, Israeli Defense Forces killed over 2,700 Palestinians. We are now in the third week of this violence and that number has since doubled. An overwhelming number of the victims are children.

More than half a million Palestinians have been forcibly displaced from their homes since October 7. They have been denied necessities such as food, water, electricity, fuel, and medicine. This has compounded the ongoing crisis, resulting in a humanitarian catastrophe of apocalyptic proportions.

An immediate ceasefire is a crucial first step to halt further loss of life and suffering as Israeli government officials openly declare their intent to wreak devastation on Palestinians in Gaza.

Myself and my friends and family have sent multiple communications to your office over the last few weeks. We simply cannot look on as Israel indulges in war crimes.

This issue hits close to home, not only because I have family and friends in Gaza, but because there are also American citizens in Gaza right now, in the direct line of imminent harm. Palestinian American families are forced to watch, each day, as Israel continues its rampage in Gaza and the West Bank. It is unfathomable that our elected officials would neglect their constituents and instead choose to continue funding and supporting Israel's atrocities.

It is paramount that the U.S. take immediate action, as Israel's primary benefactor, to end Israel's war crimes. And as my representative, who upholds the sanctity of human life and values human rights, you are beholden to take immediate action and demand an immediate ceasefire.

Enough is enough.
