Condemnation of Unprovoked/Unilateral Israeli Strikes on Iran—A Call for Immediate U.S. Led Diplomacy

Tuesday, June 17 2025

OPEN LETER - TO THE NEW JERSEY CONGRESSIONAL DELEGATION:

We, the undersigned organizations, are writing to condemn Israel's unprovoked offensive strikes on Iran and the broader pattern of military aggression that threatens to destabilize the entire region. This escalation risks dragging the Middle East—and potentially the United States—into a wider war with catastrophic consequences.

Over the past year, Israel has carried out deadly military operations in Gaza, Lebanon, Syria, and Yemen, killing tens of thousands of civilians, including women and children. The latest attack on Iran marks a reckless continuation of these actions, further fueling instability and human suffering.

We unequivocally condemn these strikes and call for restored good-faith diplomatic negotiations as a path toward de-escalation.

The United States must take immediate action to halt all military aid and weapons transfers that enable further violence. Continued support for Israel's aggressive operations not only fuels war crimes but also risks entangling the U.S. in yet another prolonged conflict. The Trump administration must ensure U.S. foreign policy serves justice and human rights rather than unchecked militarization.

We urge Congressional representatives to:

- Issue a public condemnation of Israel's unprovoked and unilateral military strikes on Iran
- Suspend all U.S. military aid and weapons transfers that enable continued aggression
- Call on the White House to prioritize and lead fair diplomacy to ensure lasting peace-building efforts

Without urgent intervention, the United States will continue funding and enabling some of the worst violence of the 21st century. This moment calls for moral clarity and political courage. We trust that you will take a principled stand against unchecked warfare and advocate for diplomacy, justice, and lasting peace.

Sincerely,

The Undersigned Organizations:
